YEMEN

The Republic of Yemen is an Arab country located in the southwest of the Arabian Peninsula in West Asia, covering an area of about 555,000 square kilometers and a population of about 30 million people.

Bordered to the north by the Kingdom of Saudi Arabia and to the east by the Sultanate of Oman.

Yemen is considered one of the oldest centers of civilization and art in the ancient world, whose civilization dates back thousands of years BC.

At that time, the name "Happy Arabia" encompassed Austrian philosophy in one of its eras, Research into the Yemeni civilization, which in its history included many kingdoms, including the kingdom of Sheba, the kingdom of Ma'in, the kingdom of Qatban, the kingdom of Hadramawt and the kingdom of Himyar. Because of its strategic location, diversity of civilizations, wealth and distinction.

The topography had an important economic and political center in the region, as it had agricultural wealth and fish and a lot of oil in addition to human wealth, Yemen has incorporated many colors and arts into its history, due to the diversity of its people's customs, as well as many of the languages, including ancient Arabic, Sheba, Socotra, Mehri, Hebrew and others.

The diversity of ancient religions in Yemen is due to the large number of civilizations and customs, including Yemen.

Throughout history, many religions have had a place in Yemen, including Judaism, Christianity and finally Islam.

From here, the customs and traditions of Yemeni civilization were shaped, as it is a rich civilization in every corner of life.

History gives the impression that Arabism began in Yemen, and that is true.
